About Kent's Recycling Collection Event

Each spring, summer and fall the City of Kent hosts a recycling collection event that allows residents to dispose of recyclable items that are not normally accepted at the curb. Instead of going to the landfill as trash, all items collected at the event will be reused or recycled! Visit KentWA.gov/TalkingTrash for details.

Please DO NOT bring the following items to this October event:

Artificial trees	Household goods
Bulky yard debris and scrap wood	Paint (latex or oil-based)
Carpeting	Plastic pools, toys, hoses, etc.
Construction/demolition debris	Window glass/mirrors
Garbage	
Hazardous waste: Antifreeze, fluorescent bulbs and tubes, motor oil, filters, and petroleum-based products	

Next Recycling Event Saturday, March 6, 2021 at Hogan Park

Special Notice due to COVID-19

If it is essential to make a trip to dispose of your recyclable items, please practice the following when at this collection event for your safety and event employees:

- Don't attend if you are at increased risk of complications due to COVID-19 - this includes people 60 years or older, and those with underlying medical conditions.
- Don't attend if you are sick or exhibiting symptoms of COVID-19, or if someone in your household is.
- Stay in your vehicle and follow employee directions.
- If you must get out of your vehicle, keep at least six feet of space between yourself and others.
- Attendees are required to wear a face mask and are encouraged to bring their own alcohol-based hand sanitizer.
- Please be patient as delays are expected because of social distancing and a potential increase in materials brought in by customers who have held on to items during the "Stay Home, Stay Healthy" order.

Thank you for doing your part to protect public health and safety, and for your patience during this unprecedented time.

Accepted Items • No Commercial Loads
