It's  **Fall Curbside Clean-up Time!** 

Nov. 2-13, 2020

on your yard waste day only

For Kent residential
garbage customers only

Keep Kent Clean!

With Kent's annual "Fall Curbside Clean-up" program, residents may rid themselves of extra yard debris and garbage. (**Note:** No construction, demolition debris, rocks, concrete, bricks or asphalt.)

The event is **free** to all residential households in Kent with garbage service.

Place your extra garbage and yard debris at the curb by 7 a.m. on your regular yard waste pick-up day **from November 2-13, 2020.**

If your refuse isn't picked-up, call Republic Services at **206-682-9735** to notify them.

Note: Extra items placed at the curb before or after November 2-13 will be charged as extra.

Garbage

- Place your extra garbage at the curb by 7 a.m. on your regular yard waste pick-up day. (If items are not collected by your regular garbage truck, they will be collected by another truck).
- All extra garbage must be in bags, boxes (no more than 3'x3'x3') or cans (32-gallon or smaller). **No loose trash will be picked up!**
- Each container must weigh less than **60 pounds** or it will not be collected.
- **No appliances or furniture will be accepted.** Contact Republic Services at **206-682-9735** to schedule pick up of these items - fees apply.
- **Limit of 10 units of garbage** (1 unit = 32 gallon can, bag, or box)

Leafcycle for free fertilizer!

Instead of bagging your leaves, run your lawn mower over them at least twice and leave them on the lawn. The finely chopped leaves will decompose over time and add valuable nutrients, improve your lawn's root system, and conserve water.

Yard Debris

- Place all extra yard waste at the curb by 7 a.m. on your regular yard waste pick-up day. It will be collected by a special yard waste truck.
- Yard clippings must be separate from garbage. Either bundle or place them in cans, boxes, or paper or compostable yard waste bags. **Absolutely no plastic bags.** Bags for yard waste are available at most hardware stores and garden/landscape centers.
- Each bundle/can/bag must weigh less than **60 pounds** and be no more than **4 feet** long. Bundle branches with natural fiber rope or twine. Branches must be no more than 4 inches in diameter.
- Yard waste includes leaves, grass, brush, flowers, tree wood, and branches. Branches must be no more than 4 inches in diameter and less than 4 feet in length. **Please note:** Food waste may only be included in your normal cart.
- All yard debris collected will be processed into compost.
- **Limit of 10 units of yard waste** (1 unit = 32-gallon can, paper or compostable bag, cardboard box measuring no more than 3'x3'x3', or bundle no more than 2'x2'x4')

Tip: If using paper bags, it's best not to place them at the curb until the morning of pickup to avoid soaking through and leaving a mess.
