		67. House Finch 15
		67. Pine Siskin 1
		69. American Goldfinch 26
		70. House Sparrow 1

NOTES

- *1 The 4 male Redheads, the Canvasbacks and the egret were seen on the W. side of constructed wetlands.
- *2 3 Cackling race, and 29 Great Basin race. Also noted were 325 cacklers flying high overhead to the S.
- *3 Male molting out of eclipse plumage.
- *4 Female Blue-winged, or Cinnamon Teal seen in flight over the lagoon.
- *5 Hatch year female on low logs near interior service gate at mid meadow.
- *6 Hatch year juvenile on a N.W. snag, and an adult male on an E. snag and later on a lagoon island snag.
- *7 Three adults, including both N.W. pair, one S.W. red-tail, and a hatch year juvenile flying near N.E. forest.
- *8 Hatch year juvenile (Peale's race) in meadow snags, then flying W. over river, and a possible adult flying S.
- *9 Adult in the S.E. corner, a juvenile in the W. meadow, and a lighter juvenile was in a far east snag.
- *10 20 were of the Myrtles race, and 33 were of the Audubon's race.
- *11 Sparrow was of the gambel's race.
- *12 A resident Barn Owl was observed in the nest box, just S.W. of the site, and is likely utilizing the site. Evidence of Barn Owls roosting in the pines at Anderson Park continues, although the owl was not seen.
